Two Hungarian foreign trade enterprises, the "Technoimpex" and the "Ektroimpex," were re-organized in February of this year. They are being liquidated and three new enterprises are being organized in their stead, all with the same address, viz. Nador Utca 21, BUDAPEST V.

The first of the new firms is "Metrimpex" with the postal address BUDAPEST 62, Post box 377, telegram address "Instrument," is to deal with electric instruments, equipment of school laboratories, measuring instruments and electrical instruments for use in hospitals.

The second firm is "Transelektron," BUDAPEST 62, Postbox 202, telegram address "Transekttron," dealing with electric motors, generators, transformers and welding material."

The third firm "Electroimpex" is a new enterprise despite the old name. Its postal address is BUDAPEST 62, Postbox 296 and it is to deal in the residue of the products handled by the two liquidated firms.

Until its complete liquidation, "Technoimpex" is to handle smaller motors, outboard motors and internal combustion motors.
