

NOTE TO CORRESPONDENTS

STATEMENT BY A SPOKESMAN FOR THE RAPPORTEUR

OF THE SPECIAL COMMITTEE ON HUNGARY

The Special Committee on Hungary today held its 68th meeting. It is continuing the final consideration of its report and will meet again on Friday, 7 June at 3 p.m.

The Rapporteur of the Committee, K. C. O. Shann, Australian Ambassador to the Philippines, expects that the report in its final form will be completed sometime next week. In the meanwhile, the report as a whole has not yet been adopted by the Committee and the publication of any draft or alleged extract is therefore completely unauthorized.

The statement that the Committee was informed from high diplomatic sources that Mr. Janos Kadar was emasculated by the Russians is without any foundation whatever, and the subject is not dealt with in the Committee's report.
